FIELD TRIP
RISK MANAGEMENT INFORMATION

OVERVIEW

The purpose of the enclosed information is to provide sample forms and procedures to minimize the exposures created by participation in field trips.

In addition to completion of the enclosed forms, all participating adults should be screened and complete all safe environment requirements.

INDEX OF FORMS

I. Field Trip (Statement of Policy)
   II. Liability Waiver (Adult)
   III. Parental/Guardian Consent Form and Liability Waiver
   IV. Transportation Policy
   V. Driver Information Sheet
   VI. Incident Investigation Report for Injuries
   VII. Youth Trips Involving Overnight Stays
   VIII. Chaperone Guidelines/Behavior Standards
   IX. Catholic Umbrella Pool II 11 to 15 Passenger Van, Bus and Shuttle Use Policy
   X. Mission Works Trips/Service Project

Remember that these forms are only samples or drafts that can be adapted for use in your particular Arch/Diocese. Review by legal counsel is recommended to ensure that wording is appropriate and valid in your jurisdiction.

Thank you for your interest and concern regarding these important issues. If you have any questions or need additional information, please feel free to call the Risk Management Department at (800) 228-6108.
FIELD TRIP

STATEMENT OF POLICY

The (Arch)Diocese of __________ and/or _________________ Parish/School recognizes the importance and value of trips for educational field study and approves of these visits to places of cultural or educational significance to further enrich the lessons of the classroom. This policy permits principals and/or assistants/vice principals to approve of field trips during normal school hours on a single school day. However, if out-of-state field trips, or any field trips to foreign countries are planned, these must have the ultimate approval of the (Arch)Diocese and/or school board. The following regulations should be taken into consideration when any field trips are being planned. They are as follows:

1. Adequate supervision by qualified adults, including one or more employees of the (Arch)Diocese and/or school.

2. Waivers by all adults and all parents/guardians of students taking any field trip of all claims against the (Arch)Diocese and/or the school for injury, accident, illness or death occurring during, or by reason of the field trip.

3. Proper insurance for students, personnel, and equipment. Any children and chaperones registering for a field trip should be able to show evidence of medical/health insurance for any accidents/bodily injury sustained on a field trip. If necessary, group accident insurance can be tailored and written on an event-specific basis. Please consult your Member Services Representative at Catholic Mutual Group if you have any questions. In addition, anyone bringing special equipment or gear from home for the benefit of the field trip should be advised that they are responsible for providing insurance in the event of damage, theft or other unforeseen circumstances.

4. If a fee is charged for the field trip, a contingency should be made for any student member who cannot afford the trip. Ideally, a student(s) should not be excluded because of lack of funds.

5. Inclusion of a proper first aid kit and fire extinguisher.

6. Permission in a written form from each student’s parent or legal guardian to provide medical treatment if necessary.

7. All youth 18 years or older that are still in high school are considered vulnerable adults. Therefore, completed field trip permission forms will be required prior to attending a field trip. Any youth over the age of 18 years old that are not enrolled in high school will be considered an adult volunteer and will have to comply with the Diocese of Yakima Safe Environment training and complete a background check form.

Finally, to ensure the desired outcome of such field trips, teachers should prepare the students for the place that is to be visited and the things that are to be seen. Additionally, an advance visit should be made to the site of the field trip by the teacher so that any and all unforeseen circumstances, situations, and/or events could be properly planned for; so that any difficulties would be minimized.
ADULT LIABILITY WAIVER

Each adult participant, including group leaders and chaperons, must sign this form.

RELEASE OF LIABILITY/MEDICAL RELEASE

I, ________________________, agree on behalf of myself, my heirs, assigns, executors, and personal representatives, to hold harmless and defend ________________________, ________________________, (Arch) Diocese directors, agents, employees, or representatives from any and all liability for illness, injury or death arising from or in connection with my participation in the trip.

In the event that I should require medical treatment and I am not able to communicate my desires to attending physicians or other medical personnel, I give permission for the necessary emergency treatment to be administered. Please advise the doctors that I have the following allergies:

FIELD TRIP

TRANSPORTATION POLICY

Commercial carrier or contracted transportation is the most desirable method to be used for field trips and, whenever possible, this mode of transportation should be provided. The use of private passenger vehicles is discouraged and should be avoided if at all possible. If commercial carriers are used (i.e. commercial airlines, trains, or buses), no further information is required. However, if transportation is contracted, signed contracts should be executed with an appropriate hold harmless agreement protecting the parish/school and the (Arch)Diocese. Also, contracted carriers should provide proof of insurance with minimum limits of liability of $2,000,000 CSL (Combined Single Limit).

**Leased Vehicles**

If a vehicle is leased, rented, or borrowed to transport participants to and from the event, appropriate insurance should be obtained. Coverage can be purchased through the rental company or your local agent. If auto coverage is provided through Catholic Mutual, contact should be made with your Member Services Representative. **COVERAGE CANNOT BE AUTOMATICALLY ASSUMED FOR LEASED, RENTED, OR BORROWED VEHICLES.**

**Private Passenger Vehicles**

If a private passenger vehicle must be used, then the following information must be supplied and this information must be certified by the driver in question.

1. The driver must be 21 years of age or older.
2. The driver must have a valid, non-probationary driver’s license and no physical disability that could in any way impair his/her ability to drive the vehicle safely.
3. The vehicle must have a valid and current registration and valid and current license plates.
4. The vehicle must be insured for the following minimum limits: $100,000 per person/$300,000 per occurrence.

A signed **Driver Information Sheet** for each driver must be obtained prior to the field trip.

Each driver and/or chaperone should be given a copy of the approved itinerary including the route to be followed and a summary of his/her responsibilities.

**Distance Limitations** (For non-contracted transportation)

1. Daily maximum miles driven should not exceed 500 miles per vehicle.
2. Maximum number of consecutive miles driven should not exceed 250 miles per driver without at least a 30 minute break.

In order to provide for the safety of our students or other members of the parish/school and those we serve, we must ask each volunteer driver to answer the following questions:

1. I have NOT had a conviction for an infraction involving drugs or alcohol (such as driving under the influence or driving while intoxicated) in the last three years. TRUE FALSE
2. I have NOT had two or more convictions for an infraction involving drugs or alcohol (such as driving under the influence or driving while intoxicated) in the last seven years.  
3. I have had no more than three moving violations or accidents in the last three years. TRUE FALSE

Please be aware that as a volunteer driver, your insurance is primary.

Certification
I certify that the information given on this form is true and correct to the best of my knowledge. I understand driving for Church ministry is a profound responsibility and I will exercise extreme care and due diligence while driving. I understand that as a volunteer driver, I must be 21 years of age or older, possess a valid driver’s license, have the proper and current license and vehicle registration, and have the required insurance coverage in effect on any vehicle used to transport students. I agree that I will refrain from using a cell phone or any other electronic device while operating my vehicle.

Many of today’s activities for our youth involve activities located outside of the city in which you reside. These trips provide a fun way to keep kids involved with the church; however, certain risk management steps should be taken to help reduce the potential for liability exposure for the church and/or school. This document is intended to be a resource for the leadership of youth trips to help you be successful and to be able to enjoy your trip as planned.

Preparing for the Trip

1. If possible, the designated leader should make an advance visit to the area to assist in foreseeing any potential risks that may be encountered during the trip. Any foreseen or unforeseen problems should be properly planned for in advance. The safety and security of all participants should be carefully assessed. Some areas to keep in mind are: Will additional security need to be provided onsite? What is the distance to the nearest medical facility? What medical services are available? Will the participants require additional vaccinations depending upon the location of the trip?
2. Create a plan of action to respond to any emergency. Even the worst case scenario should be thought through to plan a response.
3. Confirm there are adequate facilities for housing all of the participants of the group in one location, including all adult chaperones.
4. Check for any U.S. Travel Alerts/Warnings if trip is planned outside of the United States by visiting [http://travel.state.gov/content/passports/english/alertswarnings.html](http://travel.state.gov/content/passports/english/alertswarnings.html).
5. If the trip is to a non-English speaking location, arrange to have someone that speaks the language travel with you to translate.
6. Two common reasons parents decide to take legal action if their child is injured are a lack of communication and the element of surprise. If participants are minors, parents need to be informed in writing with all details regarding the trip. This would include but not be limited to the following:
   a. type of activities they will be participating in,
   b. cost (if any)
   c. departure and arrival dates and times,
   d. location and contact information where to be reached in case of emergency,
   e. names of chaperones,
   f. mode of transportation (i.e. airplane, bus, etc.),
   g. accommodations,
   h. parent/legal guardian responsibility
7. A waiver of all claims against the (Arch) Diocese and/or the parish for injury, accident, illness, or death occurring during or by reason of the activity should be obtained from the parents/guardians of each participant under the age of 18. Your diocese may have an approved Parental Permission/Indemnity Agreement or the attached sample can be used. It is important to ensure this form also includes a medical release and health information on the minor participant.

8. All individuals 18 and older also need to complete a waiver of all claims which includes a medical release portion. A sample form is attached.

9. All adult chaperones must follow (Arch) Diocesan requirements to comply with the Bishop's Charter for the Protection of Children and Young People. This would include having a criminal background check conducted and attending Safe Environment training prior to the trip.

10. Determine if any additional insurance coverage will need to be obtained. If this trip will take place outside of the United States, all participants should check with their healthcare provider to ensure their coverage will follow them. If coverage would not apply, arrangements should be made to acquire adequate health insurance coverage for the trip.

11. Arrange a meeting with all participants and parents/legal guardians (if participant is a minor) to fully explain all details of the trip clearly and specifically as well as answer any questions they may have. Written behavior standards should be distributed to each participant requiring signatures to indicate they have read and understand what is expected of them. It should be mandatory that at least one parent/guardian attend this meeting with the participant.

12. Chaperones should be given a copy of the Chaperone Guidelines. (attached)

13. Participants should be reminded to bring along any prescription medications or other health items regularly used such as allergy medications or contact solutions. See additional information regarding Medications below.

**During the Trip**

1. Proper supervision must be provided at all times. What is considered “proper” could vary according to the age of participants and the type of activity. The greater ratio of supervision, the better.

2. Participants should be divided into smaller groups with a designated adult leader. A binder with medical release forms and emergency contact names/numbers for each individual should be carried by the designated group leader at all times in case an injury occurs.

3. If the trip is located outside the U.S., participants should dress appropriately and according to the customs and dress standards of the country in which you are visiting.

4. Be aware of the conditions of local tap water. Boiled or bottled water as well as bottled or canned beverages are safest. Select foods carefully and avoid raw foods that can’t be peeled or boiled.
**Transportation**

Commercial carrier or contracted transportation is the most desirable method to be used and whenever possible, this mode of transportation should be provided. The use of private passenger vehicles is discouraged and should be avoided if at all possible. If commercial carriers are used (i.e. commercial airlines, trains, or buses), no further information is required. However, if transportation is contracted, signed contracts should be executed with an appropriate hold harmless agreement protecting the parish/school and the (Arch) Diocese. Also, contracted carriers should provide proof of insurance with minimum limits of liability of $2,000,000 CSL (Combined Single Limit).

**DO NOT ALLOW 11-15 PASSENGER VANS TO BE USED FOR TRANSPORTATION.**

If a vehicle will be leased, rented, or borrowed to transport participants, appropriate insurance should be obtained. Coverage can be purchased through the rental company or your local agent. If auto coverage is provided through Catholic Mutual, contact should be made with your Member Services Representative. **COVERAGE CANNOT BE AUTOMATICALLY ASSUMED FOR LEASED, RENTED, OR BORROWED VEHICLES.**

If a private passenger vehicle must be used, then the following information must be supplied and this information must be certified by the driver in question.

1. The driver must be 21 years of age or older.
2. The driver must have a valid, non-probationary driver’s license and no physical disability that could in any way impair his/her ability to drive the vehicle safely.
3. The vehicle must have a valid and current registration and license plates.
4. The vehicle must be insured for the following minimum limits: $100,000 per person/$300,000 per occurrence.

The attached Driver Information Sheet for each driver must be obtained prior to the trip. Each driver and/or chaperon should be given a copy of the approved itinerary including the route to be followed and a summary of responsibilities.

With the exception of commercial or contracted transportation, the daily maximum miles driven should not exceed 500 miles per vehicle. Also, the maximum number of consecutive miles driven should not exceed 250 miles per driver without at least a 30 minute break.

**Medications**

Self-medication by children is not recommended while on any church/school sponsored activity. It is recommended that one of the chaperones on the trip be in charge and custody of all medications (prescription and over-the-counter) for all children on the trip. This responsibility is detail-oriented and extremely important. While these procedures were designed for schools, we recommend you apply these steps and controls to your trip. Parents need to provide a complete list of medications taken by their child. This should include the prescription number (if applicable), quantity received, drug strength, expiration date and dosage schedule.
For over-the-counter medications, they should provide the name of medication, quantity received, drug strength (e.g. 250 mg), expiration date, and dosage. A log should be kept for dispensing the medication including the date, time and signature as the medication(s) are administered, starting with the number of pills received.

**Note: We do not recommend you administer shots of any kind.** Children needing this type of medication (e.g. insulin) are fully trained in this process and you are only to observe their administration of the shot to be sure the medication has been delivered.

If you have a child who is allergic to bee stings or suffer from peanut or other food allergies, we recommend you have an epinephrine stick on hand at all times on the trip. Be sure that all chaperones have been trained on how to use this device and are comfortable with its use. In the case of a severe allergic reaction, seconds are very important to successful treatment.

**Incident Report Form**

This form should be filled out completely as soon as possible after any accident/injury occurs. It is best to complete this form while all of the details, including conditions and witnesses are still fresh in your minds.
CHAPERONE GUIDELINES/BEHAVIOR STANDARDS

Chaperones should be at least 25 years of age. It is fine to have “helpers” ages 18-24; however, we recommend that these individuals be supervised by an adult chaperone. Each chaperone will be assigned a group of students for which they are responsible. Regular daily responsibilities will include:

1. Make sure students are present on the bus or other means of transportation every time transportation is used.
2. Make sure the students are in their room at curfew.
3. Make sure students are awake on time.
4. Make sure students understand daily itinerary.
5. Observe students for suspicious behavior that might involve breaking the rules.
6. Be on guard for students being loud, obnoxious, and/or rude. Do not tolerate this behavior.
7. Assist in medical emergencies and contact person in charge immediately.
8. Inquire within assigned group about any individual medical abnormalities.
9. No students or chaperones should leave the group for unauthorized excursions.
10. You may search students’ rooms at any time with or without the students’ permission.
11. Check luggage before the trip.
12. Check hotel rooms for any damage or things left behind.
13. Make sure students are properly dressed at all times.

Behavior standards include:

1. “Buddy systems” should be used by chaperones; thus, it is very important to ensure 2 adults are present at all times (1 “adult” and 1 individual 18-24 is fine also).
2. One-to-one contact with a student should always occur in a public place.
3. Any verbal or nonverbal sexual behavior with any student is inappropriate.
4. Do not touch a student against his/her will.
5. Do not touch a student on any portion of their body that would be covered by a bathing suit.
6. Sexual gestures or overtures a student makes to a staff member should be reported to the appropriate personnel.
7. Do not appear in front of a student when not appropriately clothed.
8. Do not change clothes in the same room or in view of a student.
9. Driving alone with a student should be avoided at all times.
10. If necessary to drive alone with a student: Do not sit close to one another in the car; do not come into physical contact with each other; do not stop the car to talk, or if you must stop the car, turn on the inside light of the car.
11. Do not strike or touch a student as a means of discipline.
12. Do not use derogatory language when addressing a student.
13. Be alert for suspicious or unusual behavior.
14. All suspicions of child or sexual abuse need to be reported to appropriate personnel.
15. No student should be taken on any type of trip or excursion without the written consent of the custodial parent.
16. No student should be allowed to visit you in your quarters.
17. No student should be denied food, water or shelter.
CATHOLIC UMBRELLA POOL II
11 to 15 Passenger Van, Bus and Shuttle Use Policy

Effective July 1, 2003, Catholic Umbrella Pool II adopted the following policies governing the use of 11 to 15 passenger vans (whether owned, leased, or borrowed).

1. The use of non-owned (borrowed) or short-term leased 11 to 15 passenger vans to transport children or adults is prohibited beginning July 1, 2003.

2. **The use of 11 to 15 passenger vans to transport children or adults is totally prohibited beginning July 1, 2004.** Beginning July 1, 2004, 11 to 15 passenger vans may be used for cargo hauling **only if** all but the two front seats are removed.

3. Although **not recommended**, to allow for a transition to other types of vehicles, organizations may continue to use owned or long-term leased 11 to 15 passenger vans to transport children or adults until July 1, 2004 (unless prohibited by state law). However, 11 to 15 passenger vans cannot be purchased or leased after July 1, 2003 for the intent of transporting children or adults.

4. 11-15 passenger vans can be replaced with either a school bus or a Multifunction School Activity Bus (MFSAB). A MFSAB is a vehicle which complies with the Federal Motor Vehicle Safety Standards (FMVSS) applicable to school buses for crash survivability and mirrors.

5. If a MFSAB is used for the transportation of children, these vehicles **must** meet FMVSS 111; FMVSS220; FMVSS 221; and FMVSS 222 (see below). If purchasing a MFSAB to transport children, it is important to confirm with the seller that the vehicle meets all four FMVSS. There are vehicles that visually appear to be conforming, but are not.

6. When acquiring a bus or shuttle to transport adults, the four FMVSS should also be followed. However, CUP II may approve adult transportation for a nonconforming bus or shuttle that meets at least two of the FMVSS’s in limited circumstances. Requests for exceptions should be submitted to Catholic Mutual.

7. Although MFSAB’s are preferred, mini-vans may continue to be used to transport children or adults. A mini-van is defined as a passenger vehicle **designed** to transport no more than 8 total occupants.

---

Below are the four FMVSS referred to in the above policy. Additional information on how to determine if a bus or shuttle meets FMVSS standards can be obtained from Catholic Mutual’s Risk Management Department at (800) 228-6108.

- **FMVSS 111** – Fulfills the safety requirement for the rear-view and cross-view visibility.
- **FMVSS 220** – Establishes requirements for the school bus body structure in rollover accidents.
- **FMVSS 221** – Regulates the strength of body panel joints in school buses.
- **FMVSS 222** – Establishes occupant protection requirements for school bus passenger seating and barriers.

---

**Important Note:** Vans, Buses and Shuttle Buses capable of transporting 16 plus passengers must also comply with the above FMVSS. As outlined in number six of the above policy, exceptions can be made if the vehicle is used solely for the transport of adults.
Youth ministers are constantly striving to look for ways to involve their youth in fun, yet challenging experiences. One particular activity growing in popularity is the participation in work mission trips or service projects.

Participation in work mission or service projects can be rewarding both physically and spiritually. However, keeping the participants safe should be the number one concern to ensure their missionary experience does not result in unpleasant consequences. The following guidelines should be followed for all work missions or service project trips:

**Preparing for the Trip**

1. These trips should not be led by inexperienced leaders. There are many reputable organizations that provide the setup work for work missions. It is recommended to work closely with these organizations and take advantage of their expertise in this area.

2. If possible, the designated leader should make an advance visit to the area to assist in foreseeing any potential risks that may be encountered during the trip. Any foreseen or unforeseen problems should be properly planned for in advance. The safety and security of all participants should be carefully assessed. Some areas to keep in mind are: Will additional security need to be provided onsite? What is the distance to the nearest medical facility? What medical services are available? Will the participants require additional vaccinations depending upon the location of the trip? (An updated tetanus shot should be required).

3. Create a plan of action to respond to any emergency. Even the worst case scenario should be thought through to plan a response.

4. Check for any U.S. Travel Alerts/Warnings if trip is planned outside of the United States by visiting [http://travel.state.gov/content/passports/english/alertswarnings.html](http://travel.state.gov/content/passports/english/alertswarnings.html).

5. Confirm there are adequate facilities for housing all of the participants of the group in one location, including all adult chaperones.

6. If the trip is to a non-English speaking location, arrange to have someone that speaks the language travel with you to translate or hire a translator that can be on-site with you at the location.

7. Two common reasons parents decide to take legal action if their child is injured are a lack of communication and the element of surprise. If participants are minors, parents need to be informed in writing with all details regarding the mission trip or service project. This would include but not be limited to the following:
   a. type of work or activities they would be expected to perform,
   b. cost (if any)
   c. departure and arrival dates and times,
   d. location and contact information where to be reached in case of emergency,
   e. names of chaperones,
   f. mode of transportation (i.e. airplane, bus, etc.),
   g. accommodations,
   h. parent/legal guardian responsibility
8. A waiver of all claims against the (Arch) Diocese and/or the parish for injury, accident, illness, or death occurring during or by reason of the activity should be obtained from the parents/guardians of each participant under the age of 18. Your diocese may have an approved Parental Permission/Indemnity Agreement or the attached sample can be used. It is important to ensure this form also includes a medical release and health information on the minor participant.

9. All individuals 18 and older also need to complete a waiver of all claims which includes a medical release portion. A sample form is attached.

10. All adult chaperones must follow (Arch) Diocesan requirements to comply with the Bishop’s Charter for the Protection of Children and Young People. This would include having a criminal background check conducted and attending Safety Environment training prior to the trip.

11. Determine if any additional insurance coverage will need to be obtained. If this trip will take place outside of the United States, all participants should check with their healthcare provider to ensure their coverage will follow them. If coverage would not apply, arrangements should be made to acquire adequate health insurance coverage for the trip.

12. Arrange a meeting with all participants and parents/legal guardians (if participant is a minor) to fully explain all details of the trip clearly and specifically as well as answer any questions they may have. Written behavior standards should be distributed to each participant requiring signatures to indicate they have read and understand what is expected of them. It should be mandatory that at least one parent/guardian attend this meeting with the participant.

13. Participants should be reminded to bring along any prescription medications or other health items regularly used such as allergy medications or contact solutions.

14. Training should be provided for the type of work and the equipment being used prior to the trip, especially if the work involves repair or construction activities.

**During the Trip**

1. Proper supervision must be provided at all times. What is considered “proper” could vary according to the age of participants and the type of activity. The greater ratio of supervision, the better.

2. Participants should be divided into smaller groups with a designated adult leader. A binder with medical release forms and emergency contact names/numbers for each individual should be carried by the designated group leader at all times in case an injury occurs.

3. Since these trips usually involve some type of repair or construction, the safety of the work-site should be determined. It is important to be aware of your surroundings at all times. There are certain job duties that would be considered unacceptable for particular age groups. Attached is a list of acceptable and non-acceptable work activities according to age.

4. Depending upon the type of job or equipment used, Personal Protective Equipment (PPE) may be needed for the task. All PPE should be provided by the group leader.

5. Participants should dress appropriately for the work they are doing and according to the customs and dress standards of the country in which you are working. Shoes must be worn at all times. Long pants should be worn for any construction type activity.
1. A well-stocked First Aid Kit should be present at the work-site. Supplies should be replenished as needed.
2. Rest breaks should be given to participants as needed. Meals should be provided as well as an adequate amount of fluids to ensure proper hydration.
3. Be aware of the conditions of local tap water. Boiled or bottled water as well as bottled or canned beverages are safest. Select foods carefully and avoid raw foods that can’t be peeled or boiled.

**Transportation**

Commercial carrier or contracted transportation is the most desirable method to be used and whenever possible, this mode of transportation should be provided. The use of private passenger vehicles is discouraged and should be avoided if at all possible. If commercial carriers are used (i.e. commercial airlines, trains, or buses), no further information is required. However, if transportation is contracted, signed contracts should be executed with an appropriate hold harmless agreement protecting the parish/school and the (Arch) Diocese. Also, contracted carriers should provide proof of insurance with minimum limits of liability of $2,000,000 CSL (Combined Single Limit).

**DO NOT ALLOW 11-15 PASSENGER VANS TO BE USED FOR TRANSPORTATION.**

If a vehicle will be leased, rented, or borrowed to transport participants, appropriate insurance should be obtained. Coverage can be purchased through the rental company or your local agent. If auto coverage is provided through Catholic Mutual, contact should be made with your Member Services Representative. **COVERAGE CANNOT BE AUTOMATICALLY ASSUMED FOR LEASED, RENTED, OR BORROWED VEHICLES.**

If a private passenger vehicle must be used, then the following information must be supplied and this information must be certified by the driver in question.

1. The driver must be 21 years of age or older.
2. The driver must have a valid, non-probationary driver’s license and no physical disability that could in any way impair his/her ability to drive the vehicle safely.
3. The vehicle must have a valid and current registration and license plates.
4. The vehicle must be insured for the following minimum limits: $100,000 per person/$300,000 per occurrence.

The attached Driver Information Sheet for each driver must be obtained prior to the trip. Each driver and/or chaperon should be given a copy of the approved itinerary including the route to be followed and a summary of responsibilities.

With the exception of commercial or contracted transportation, the daily maximum miles driven should not exceed 500 miles per vehicle. Also, the maximum number of consecutive miles driven should not exceed 250 miles per driver without at least a 30 minute break.
